1.1 Demographics

Armagh City, Banbridge and Craigavon Borough Council

Armagh City, Banbridge and Craigavon is a local government district in Northern Ireland. It was created in April 2015 following the merger of the City and District of Armagh, Banbridge District and most of the Borough of Craigavon. The new district covers parts of counties Armagh and Down, taking in the upper Bann valley and much of the southern shore of Lough Neagh as well as Armagh city.

The estimated population of Armagh City Banbridge and Craigavon local government district in 2021 is 220,365 people, of which 109,832 (49.84%) are male and 110,533 (50.16%) are female. The population aged 25 years and under is 73,814 people which equates to 33.49% of the total population, with the NI average being 32.6%. The breakdown of the figures shows that 37,981 (51.45%) of the young people aged 25 and under were male and 35,833 (48.55%) of the young people were female.

1.8 Council League Tables

The Detail Data project authored by Cormac Campbell offers a report that examines the disparities between each of Northern Ireland's 11 councils. The analysis - which ranks the councils from 1 (best)-to-11 (worst) across each of the areas of life covered by the research.

The datasets behind the article are provided here. They look at:

- Estimated council debt and assets per capita
- Local rates (using a £150k home as an illustration)
- Claimant count (% of population)
- Median earnings
- Educational attainment (% pupils 5 GCSEs A*-C inc. English and Maths)
- Pupils entitled to free school meals (%)
- Life expectancy men and women
- Households in housing stress (% of population) and empty homes (%)

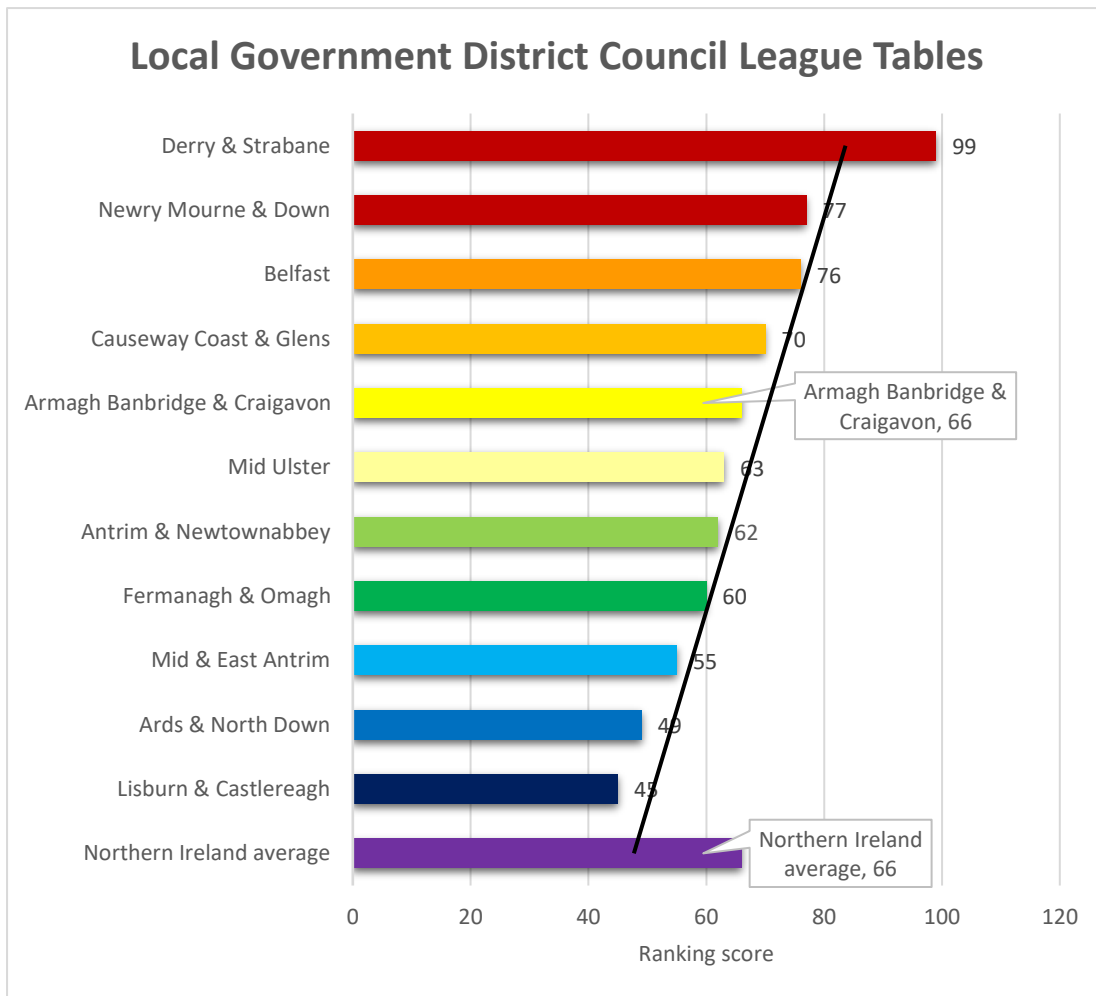

The results have been used to construct a league table, ranking each of the councils from 1 to 11 on the variables above.

1.9 Northern Ireland Multiple Deprivation Measures (NIMDM)

The Northern Ireland Multiple Deprivation Measure was published in November 2017, identifying small area concentrations of multiple deprivation across Northern Ireland. The results are presented by small areas known as Super Output Areas (SOAs). Northern Ireland is divided into 890 of these SOAs which are ranked according to deprivation using seven domains, or distinct types which in composite form is known as the Multiple Deprivation Measure. These are:

- Income Domain
- Employment Domain
- Health Deprivation and Disability Domain
- Education, Skills and Training Domain
- Access to Services Domain
- Living Environment Domain
- Crime and Disorder Domain

The table below compares the relative distribution of the SOA count in each LGD and the 100 most deprived Super Output Areas within the local government districts, using:

1. The NI Multiple Deprivation Measure, and
2. The Income Deprivation Affecting Children sub-domain (a constituent of the Income Domain)

SECTION 4.0 LIVING IN SAFETY AND STABILITY

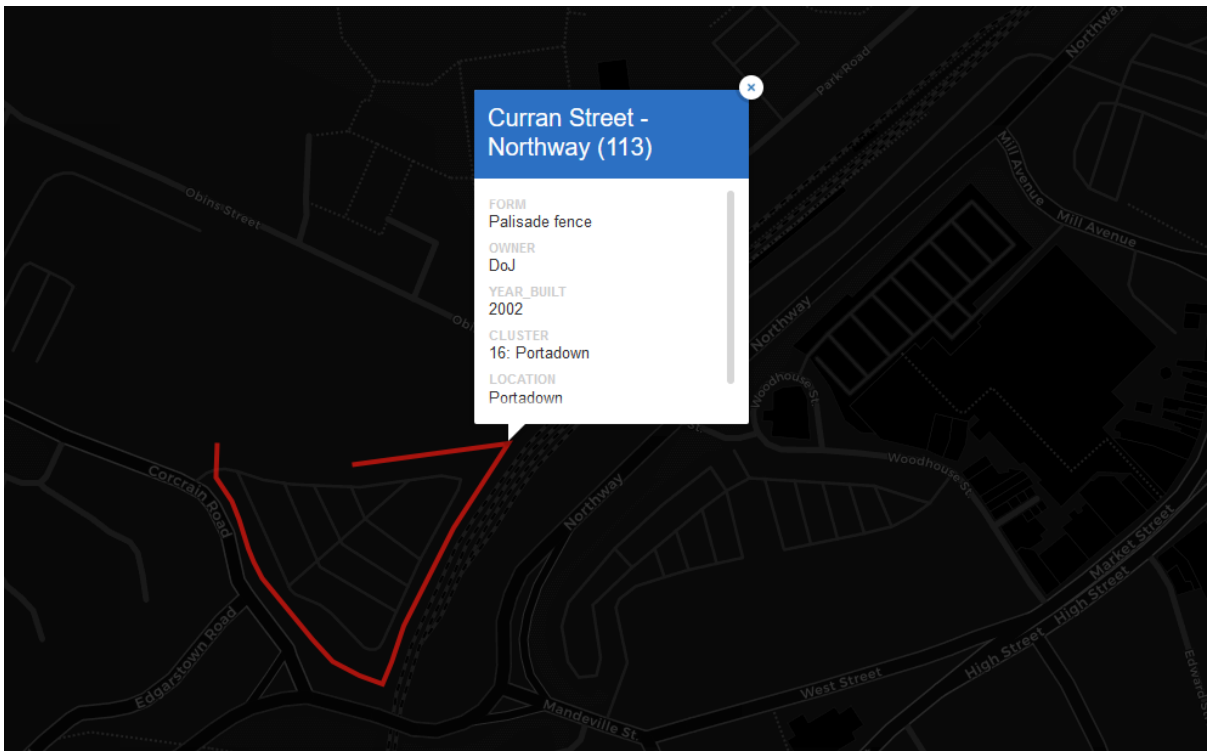

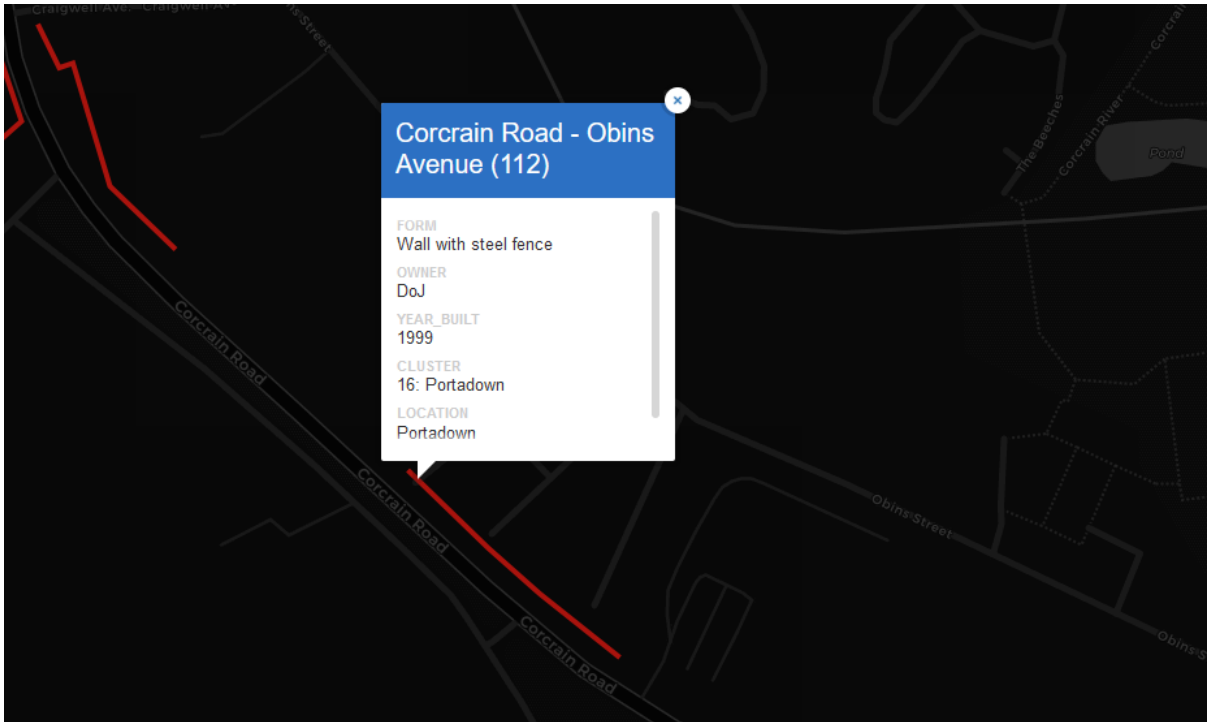

4.1 Interface Areas

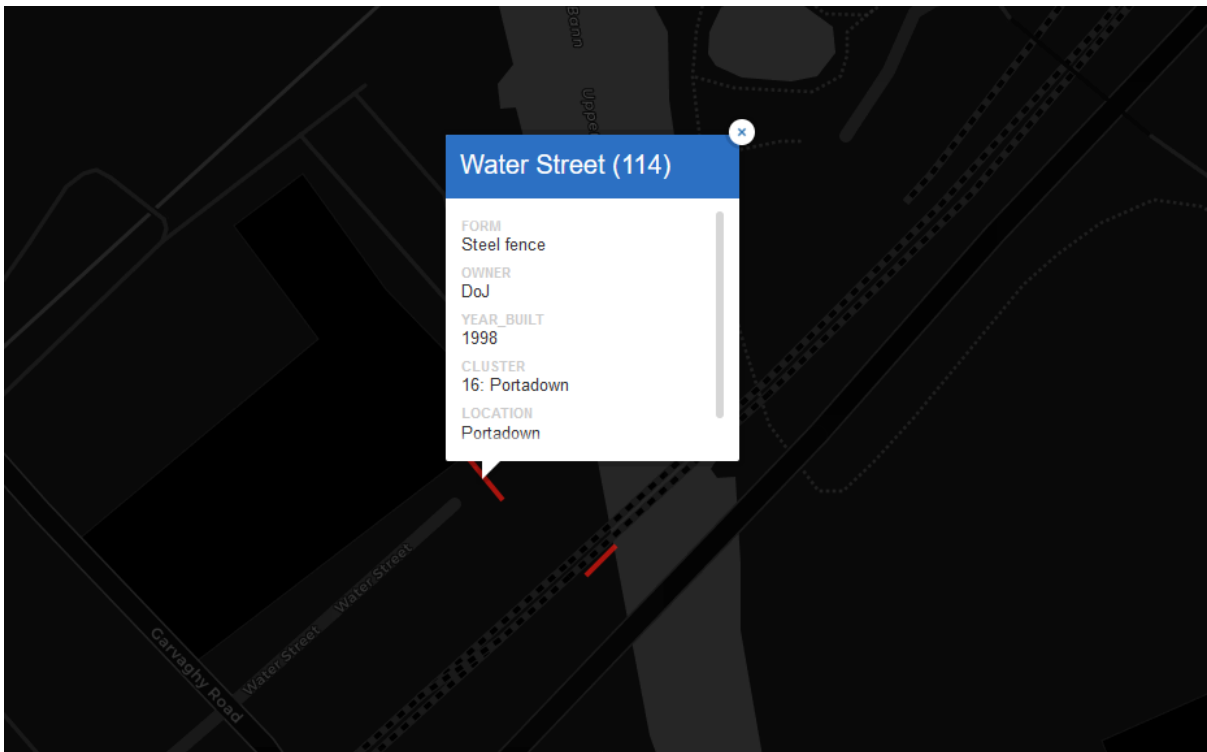

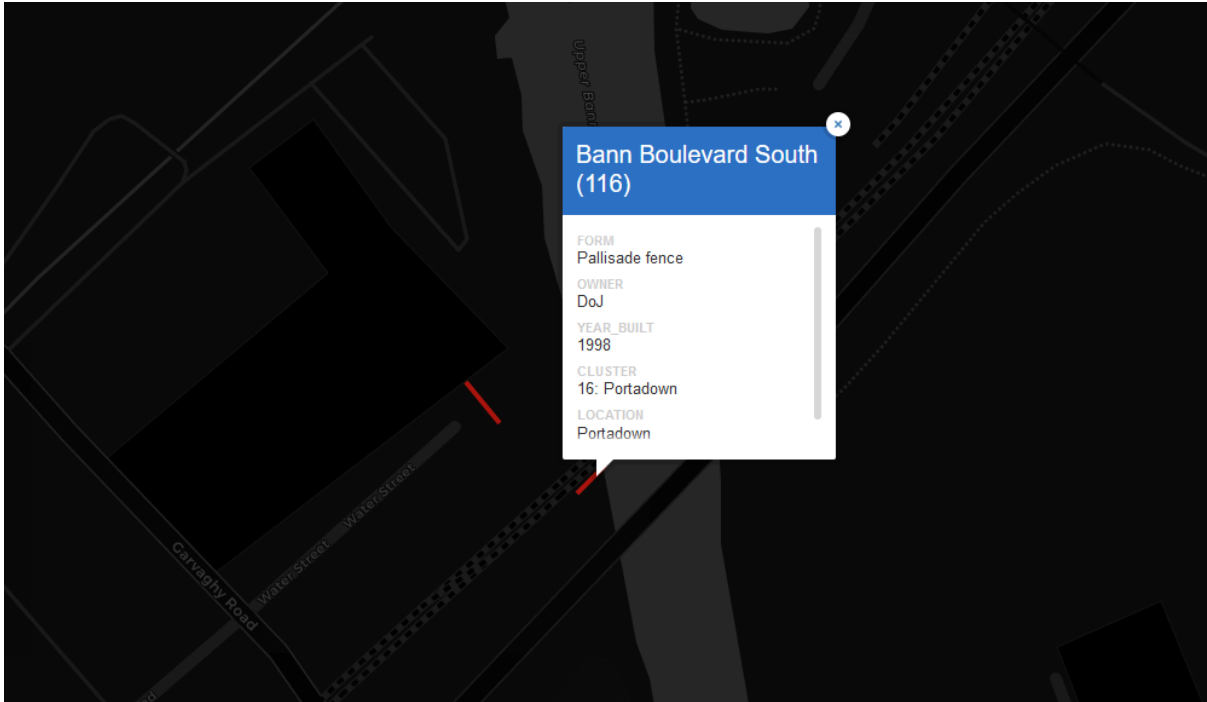

Interface area is the name given in Northern Ireland to areas where segregated nationalist and unionist residential areas meet.

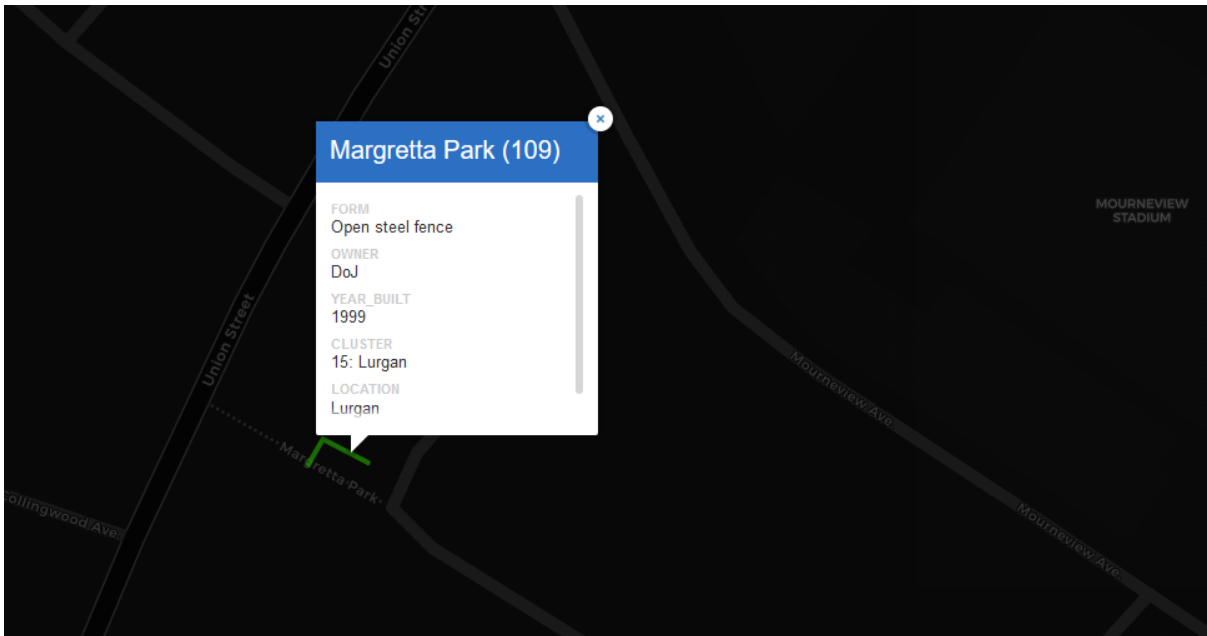

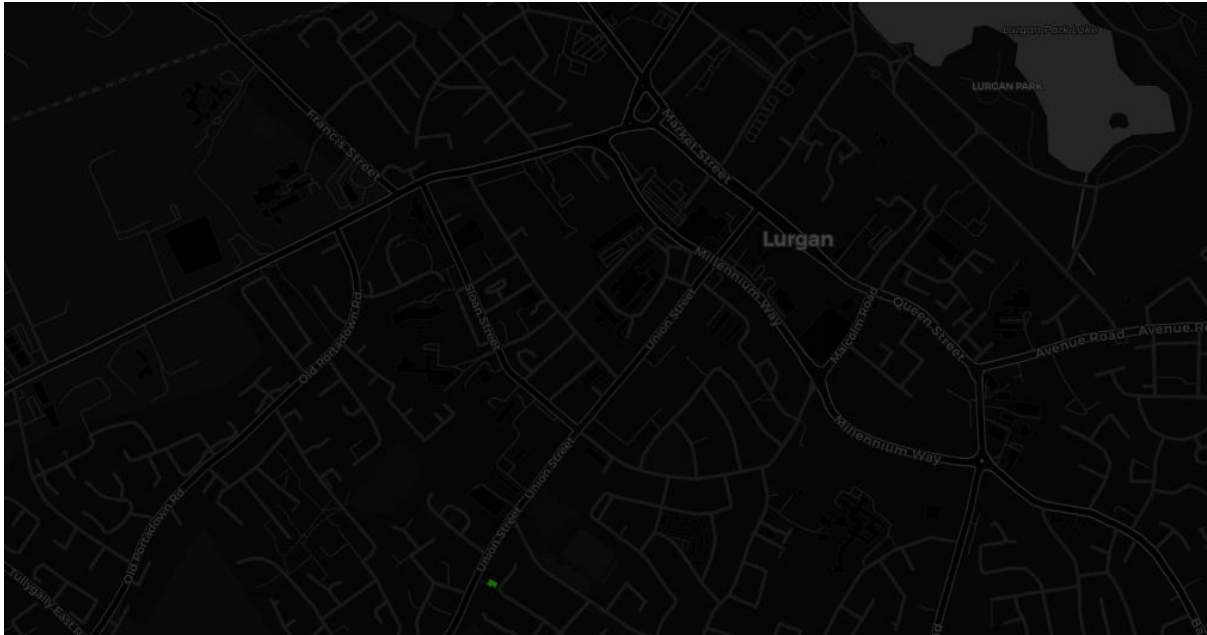

The interface between the loyalist Corcraim Road and republican Obins Drive has been a regular scene of violence in the town. Violence broke out here in 2011 after youths had liaised with each other through social network sites in order to launch the disturbances. There is a A post ceasefire steel interface fence at Margretta Park in Lurgan, County Armagh, there are plans for it to be removed.

6.2 Income Deprivation Affecting Children (IDAC)

Table 2 - Income Deprivation Affecting Children (IDAC) Rank – Local Government District

Cells indicating the IDAC rank highlighted red indicate that the Super Output Areas are in the 25% most deprived in Northern Ireland. These figures are based on the 2017 Northern Ireland Multiple Deprivation Measures.

IDAC is derived from the proportion of the population aged 15 and under living in households whose equivalised income is below 60 per cent of the NI median.
