SECTION 1.0 DEMOGRAPHICS AND DEPRIVATION

1.1 Demographics

Causeway Coast and Glens Borough Council

Causeway Coast and Glens is a local government district in Northern Ireland. It was created in April 2015 following the merger of the Borough of Ballymoney, the Borough of Coleraine, the Borough of Limavady and the District of Moyle. The district covers most of the northern part of Northern Ireland; an area totalling 1,796 km² spanning parts of Counties Antrim and Derry.

The estimated population of Causeway Coast & Glens local government district in 2021 is 145,158 people, of which 72,041 (49.6%) are male and 73,117 (50.4%) are female. The population aged 25 years and under is 45,192 people which equates to 31.13% of the total population, which is similar to the NI average of 32.6%. The breakdown of the figures shows that 23,243 (51.4%) of the young people aged 25 and under were male and 21,949 (48.6%) of the young people were female.

Table 1 – Total Population in Local Government District Compared to NI by Gender (Aged 0 – 25 years)

	Male	Female	Total

1.4 Neighbourhood Renewal Areas Northern Ireland 2021

A Neighbourhood Renewal Area is defined as an area in the most top 10% deprived areas of Northern Ireland based upon the Multiple Deprivation Measures as identified by the Northern Ireland Statistics and Research Agency (NISRA). Neighbourhood Renewal Areas (NRAs) are neighbourhoods identified as experiencing the most severe multiple deprivation and have been chosen to receive support under the Department for Communities People and Place strategy for Neighbourhood Renewal

Northern Ireland has a total of 36 Neighbourhood renewal areas. There are 15 in Belfast, 6 in the North West (including 4 in Derry) and 15 situated in other towns and cities across Northern Ireland.

1.8 Council League Tables

The Detail Data project authored by Cormac Campbell offers a report that examines the disparities between each of Northern Ireland's 11 councils. The analysis - which ranks the councils from 1 (best)-to-11 (worst) across each of the areas of life covered by the research.

The datasets behind the article are provided here. They look at:

- Estimated council debt and assets per capita
- Local rates (using a £150k home as an illustration)
- Claimant count (% of population)
- Median earnings
- Educational attainment (% pupils 5 GCSEs A*-C inc. English and Maths)
- Pupils entitled to free school meals (%)
- Life expectancy men and women
- Households in housing stress (% of population) and empty homes (%)

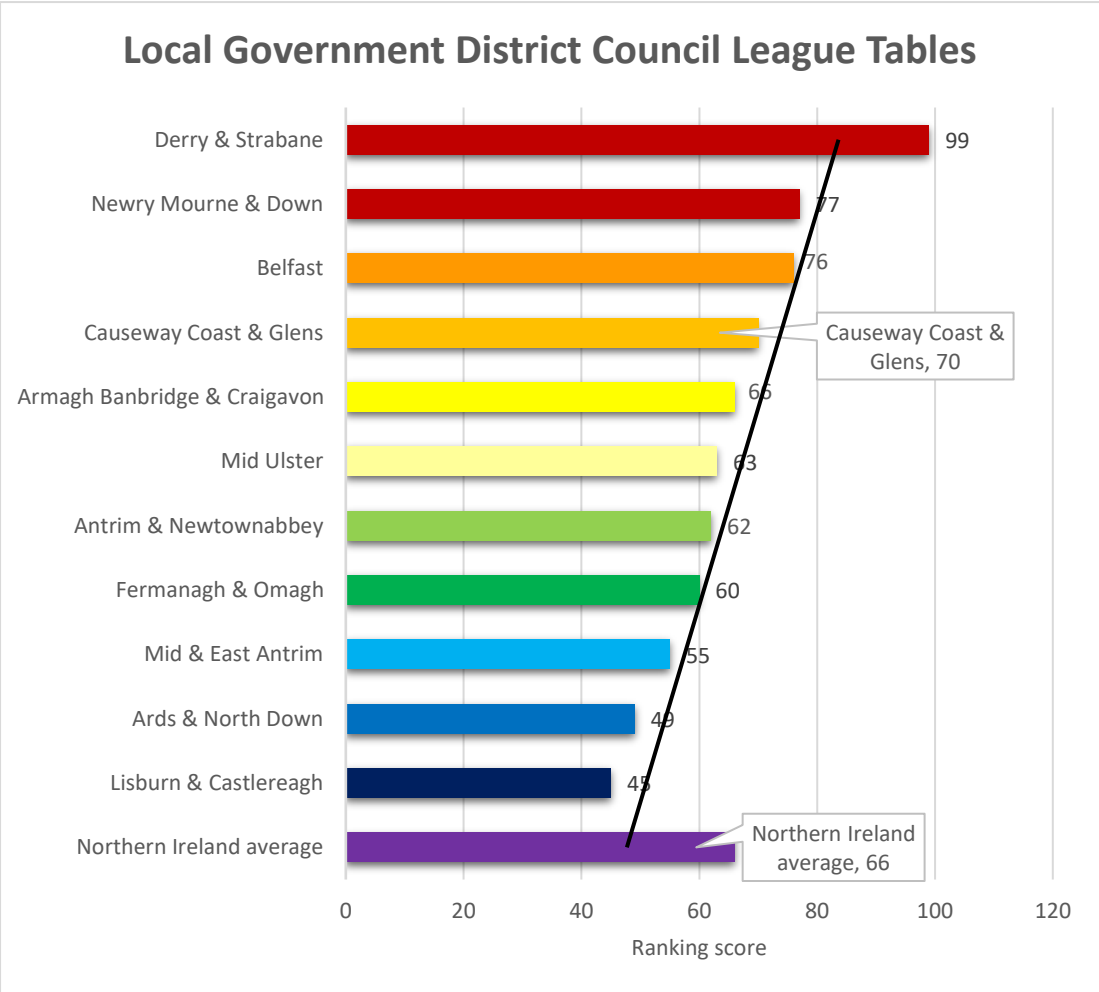

The results have been used to construct a league table, ranking each of the councils from 1 to 11 on the variables above.

Table 22 – Council League Tables (2015)

Chart 13 – Council League Tables (2015)

1.9 Northern Ireland Multiple Deprivation Measures (NIMDM)

The Northern Ireland Multiple Deprivation Measure was published in November 2017, identifying small area concentrations of multiple deprivation across Northern Ireland. The results are presented by small areas known as Super Output Areas (SOAs). Northern Ireland is divided into 890 of these SOAs which are ranked according to deprivation using seven domains, or distinct types which in composite form is known as the Multiple Deprivation Measure. These are:

- Income Domain
- Employment Domain
- Health Deprivation and Disability Domain
- Education, Skills and Training Domain
- Access to Services Domain
- Living Environment Domain
- Crime and Disorder Domain

The table below compares the relative distribution of the SOA count in each LGD and the 100 most deprived Super Output Areas within the local government districts, using:

1. The NI Multiple Deprivation Measure, and
2. The Income Deprivation Affecting Children sub-domain (a constituent of the Income Domain)

Table 23 – Deprivation Comparisons by Local Government District

Local Government District	Count of SOAs	SOA within 100 most deprived SOAs – MDM	% SOAs within 100 most deprived SOAs – MDM	SOAs within 100 most deprived SOAs – IDAC	% SOAs within 100 most deprived SOAs – IDAC

6.2 Income Deprivation Affecting Children (IDAC)

Table 2 - Income Deprivation Affecting Children (IDAC) Rank – Local Government District

Cells indicating the IDAC rank highlighted red indicate that the Super Output Areas are in the 25% most deprived in Northern Ireland. These figures are based on the 2017 Northern Ireland Multiple Deprivation Measures.

IDAC is derived from the proportion of the population aged 15 and under living in households whose equivalised income is below 60 per cent of the NI median.

SOA Name	IDAC Rank	IDAC %
