
I know we just met tonight but let me walk you home.

You’re so hot. Send me a nude picture.

You’re pretty. Let me buy you a drink.

I know we’ve only been talking a day but do you want to meet up?

We’re having such a good night. Do you want to get some privacy in another room?

My friend has told me all about you. Do you want to come for a drive?

Would you f ind it easy to get a job?

Do you feel safe where you live?

Can you go to the police and not be worried about being threatened with arrest or violence?

Can you leave your partner if he or she threatens your safety?

I know your mum. Jump in the car and I'll take you home.

I'm an adult, you can trust me. I have something in my car that I know you will love. Come and see.
